REMOTE ACTUATORS

REMOTE ACTUATOR

MUSTER LOP REMOTE ACTUATOR P

LOP Actuator: M2RA32PB

- Manual actuation is a process that puts the power into the hands of the operator. It is important for the operator to know where the manual activation panel is and how to use it. Muster II uses a small box with a single motion , in accordance to AS 5062 regulations. The fast actuation gives the operator and machine the best chance of a fast response and the best chances for protection.

Part Number
FS-M2RA32PB
