HAND PROTECTION

HYFLEX OIL REPELLENT GLOVE

LIGHT DUTY

- Features: The first light weight HyFlex® glove to combine a 3/4 dip geometry, oil repellence and oil grip in a single flexible glove.
- The HyFlex® 11-926 features a durable coating for secure grip in oily environments. The liner is made with one of the finest gauge nylon fiber dipped in a 3/4 design to ensure full back of finger protection.
