Hydraulink®

HAND PROTECTION

HYFLEX CUT RESIST OIL REPELLEN

MEDIUM DUTY

- Features: The first HyFlex® glove to combine advanced cut resistance, oil repellence and oil grip in a single flexible glove. Ideal for handling sharp metal components coated in oil or lubricant
- Patented Ansell Grip™ technology uses microscopic channels to wick away oil & moisture from part surfaces and tools, providing industry-leading wet and oil grip for added safety and efficiency
- The design combines a 3/4 nitrile dip with grip. This ensures EN Level 4 abrasion protection and long-lasting EN Level 3 cut resistance
- The 3/4 dip geometry means extra protection against oil exposure and knuckle abrasion
- A new former shape offers superior fit. Together with a highly flexible polymer and a wide range of sizes, this enables more agility in medium-duty applications
- Greys and blacks mask dirt in oily, grimy and gritty environments

Part Number	Size
HHP-11-927-L	L
HHP-11-927-M	M
HHP-11-927-XL	XL
